Welcome
This website will allow you to complete and submit your New Mexico Tax Returns online for the selected OGRID. You must be granted access to file your tax returns by the application administrator. You will access this application form the New Mexico Unified Online Filing Application.

The application navigation is divided into three categories, the “Return Options”, “Support” and “ONGARD Portal”. The navigation is located on the left hand side of the screen. These options are available at any time while using the filing services.

The “Tax Online Web Filing” menu option is a link you can use to submit your current and amended tax data. Remitters using this link generally file less than 40 lines of detail. Remitters may also pay assessments as well as apply a credit invoice all within the same return.
Unified Online Filing
To access the Tax Online Filing application:

1. Click “Select OGRID” from the left-hand menu.
2. Select the appropriate OGRID from the dropdown list.
3. Select “Tax Online Web Filing” option from the list of activities.
4. Click on the “Go” button, you will be directed to the Tax Online Filing application.
Return Options
Use the “Start Web Return” or if you are a RPD user, “RPD Start Return” to start a new Tax Web Return. Select the appropriate OGRID and if a return is not currently submitted, you can choose the filing activity and choose to include the auto add the PUNs from the last return.

The “Past 180 of Filing Activity” are displayed at the bottom of the page. If the return has already been started select the option to the right of the desired return. Your choices are dependent on the status of the return, Update, Delete, View. Only un-submitted returns can be deleted.

Start Web Return
1. Using the drop down button select the current month’s sales period. If you are filing only amended return or filing for prior periods not shown on the filing activity listing, select the most recent sales period as your current month.
2. Check the automatically add Leases from the last return button to have a listing of all prior reporting PUN/lease number inserted in the current month’s reporting period screen/report.
3. “Go”: Click the “Go” button to start filing.
4. Note this screen will also allow you to view the most recent filing activity for this OGRID.
Current Month Details Tab
This is the default/first page to each tax return and you may begin your return by filing tax reporting for the previously selected current month sales period.

Use the “Add New Detail Line (click here)” link to add a new detail line, or click the “update” link next to the line to update an entry. To remove a line, click the “delete” link next to the line.

Add New Detail Line (click here): Click here to create and enter a new detail line. Continue this process until all detail line entries are entered.

Edit Detail Data: User has the option to change the detail line entry by clicking the “Edit” link located at the end of the entered line entry. You will be directed back to the working box allowing you to make any required changes.

Delete Detail Data: Click the “Delete” link to delete the entire line entry.
**Detail Data Description:**

- **Pun** – Enter the PUN number as assigned by the State of New Mexico. The PUN number must be entered for each line entry.

- **Suffix** – Enter the Lease number as assigned by the State of New Mexico. The lease number must be entered for each line entry.

- **Product Code** – The is of the product reporting on, use the drop-down button Select the product code.

- **Affiliation Code** – Use the dropdown list to note of there is any affiliation with the processing company and your company.

- **Special Tax Rate Code** – This field is for selecting a special tax rate code. If there are no active codes, then the field is disabled.

- **Trans. Code** – Use the drop-down button Select the transaction code.

- **Volume (BBL/MCF)** – Report oil and condensate to the nearest whole barrel. Report Natural Gas to the nearest MCF metered at the wellhead at 15.025 PSIA at 60 degrees Fahrenheit for unprocessed gas. For processed gas, report to the nearest MCF for Residue Gas and the equivalent MCF of the reported Natural Gas liquids.

- **Gross Proceeds** – Enter to the nearest whole dollar the value/actual price received for the products on an entitlement or take basis for the production unit property before deductions.

- **Transport Deductions** – Enter to the nearest whole dollar allowable transportation costs.

- **Processing Deductions** – Enter to the nearest whole dollar allowable processing costs.

- **Royalty Deductions** – Enter to the nearest whole dollar allowable royalty costs.

- **Tax Due** – The tax due amount will be calculated by the system by after “Clicking” on the Save button.

---

*Edit Update Current Reporting Period Data*

You are now ready to begin entering the tax reporting details in the working box which has now appeared on the screen. You will notice the Sales Period is encoded as selected.
in the beginning of this process. If you selected to enter all prior detail lines you can edit a row and enter the deduction data.

Click the “Save” button to save this line of entry and calculate the tax amount due

Use the “Cancel” button to cancel this line of entry.

Screenshot showing the current sales period detail lines with one entry.
Amendments to Prior Returns Tab
Click the “Enter a New Amendment” link to enter a new amended line entry.

Amendments are entered in the same manner as the current month’s detail lines with the following exceptions: Remitter may enter negative values and “must” enter the value in the Tax Due amount field and the Sales Period.

Amended lines tab, with no lines currently entered.
“Edit” column: Click this field to edit the amended line entry
Save: Click on this save button when completed.
Note: if the Pun/lease combination is invalid the line entry will be highlighted in Red.
Notices Tab
The table allows you to take a credit, or pay an assessment. You can add a Notice to the Return search for the notice by number. The notice must be associated with your OGRID.

Notice Reporting
To add a new notice, search for the notice by the invoice number. If you want to update or delete a notice use the “Edit” link or “Delete” link on the appropriate notice line in the details section.

Searching for a notice:

1. **Enter Invoice Number:** Notice Number (either credit or assessment notice)

2. **Click “Go”:** The system will retrieve the notice detail information and it will also prompt you with a save button.

Add or Update notice information:
Enter the amount paid or taken for the credit or assessment. Use the “Save” button to add/update the return. To cancel, click the “Cancel” button and nothing will be saved.

Summary & Submit Tab
This is the final stage in completing and filing your tax return. The system has automatically summarized all recorded details to the summary report. Review the details and insure all values are as expected, otherwise go back to the required process and make corrections as deemed necessary.

Oil and Gas Taxes Summary
Complete the summary details to finish your tax return:

**Operator or Purchaser:** Using this drop down button select your type of operator or purchaser.

**Final Sales Return:** Using the drop-down box ‘select yes” if this is your final return to the state of New Mexico. No, leave this default indicator as is for all other returns.

**Net Advanced Payment:** Enter the amount of advanced payment you sent (optional, default is zero)

**Payment Type:** Using this drop down button select your type of payment. If you select Check, then you are required to let us know if it is an In-state or Out of State check.

You can save your progress on this tab by using the “Save (click here)” link, which will save your changes, but not submit the return for processing. Or you can click the “Submit” button which will save your return and submit it for processing.

**Save (click here) Link(s):** Click on this message to save this return. All updates are now saved and you are ready to submit your file.

**Submit Return:** Click on this button to submit your tax return data.
Summary tab with all tax summary data, pending user submission.

After clicking the submit button the application will ask you to verify the submission and verify your submission is accurate. Read the disclaimer and click “OK” if you agree with the message.

Confirmation Dialog

You will be directed to a new online summary screen. This will summarize the return; you cannot edit the return unless it is un-submitted.
**Completed Return Summary**

After clicking the Submit return button, you will be directed to a complete return summary screen. From this screen you can View the summary report, Undo the return submission, delete the un-submitted return or return to the unified online filing application.

*Screenshot of the Tax Return Summary.*
Download the Report (click here)
Clicking the “Download the Report” link at the top of the online summary will cause a dialog box to open asking you how you would like to manage the file, you can open it, save it or save it as a new name to your computer.

Open or save dialog for PDF report of tax return.
Screenshot of the PDF report opened from the internet. Adobe Acrobat is required to view reports.

**Undo Submit**

The “Undo Submit” button will reverse submission as long as the return has not been uploaded by the ONGARD upload service center. Users generally have 15 minutes before the file is uploaded; uploads begin at **1:30 pm MST** and continue in 15 minute intervals.

*Undo submit confirmation dialog box.*
Tax return has been un-submitted, it can be edited again.

Delete Return
To delete a return it must be un-submitted and then you will have a button on the bottom of the summary to delete the return. You cannot delete a return that has been submitted and accepted by ONGARD, use the contact page to speak with an agency representative.
**Edit Return**
This button shows when the return is not submitted, and will allow you to edit the return.

**Main Menu (Unified Online Filing)**
The main menu link at the bottom of the summary will take you back to the Unified Online Filing portal, where you can select a different filing/reporting function.
Support
The “Support” menu option will open the agency contact list for help completing your Tax Return.

Support page with contact information for application administrators.
ONGARD Portal
The “Unified Online Filing” menu option will return you to the Unified Online Filing application when you can access the rest of the online filing services.
